September 2008
Newsletter

Welcome to the new term and especially to any new teachers in the area.

We are currently planning a number of initiatives and events this term.

The developing **Young Teachers' Section** of the Association had its first meeting in July and we will be supporting further meetings through the year. If you are interested in attending these events, please check the website or contact Andy Willis for further details.

We would also like to see our **retired section** become more active and again would like to support events for our retired members in the area. Please contact Andy Willis if you would be interested in joining such a group (or even organising it).

Later this term we will be having a **general meeting** to which you are all invited. We will have a guest speaker. The focus of the meeting will be announced in our next newsletter.

School reps are vital to us and we would like to encourage and support all our school reps more this year. We are planning an event exclusively for our school reps to update them on the pay campaign and thank them for their work in supporting the Union.
